Young Scholar Workshops

Four to six papers will be presented each day on open themes, chosen on the basis of the students' field of research, related to the history of economic thought, economic methodology, economic philosophy or economic history. **The subjects of the papers may differ from the Summer School's main theme “Unemployment and the Social Question”.** Unemployment and Social Question have drawn the attention, among others, from philosophers, economists and historians. It is a very common field of research for economists.

The students' presentations will take place in the presence of the members of the scientific committee and of some invited speakers, thus covering a broad area of expertise. Each presentation will be commented by a discussant, chosen among the young scholars, followed by a question and answer session with the audience.

Contributions will be selected from extended abstracts **in English** of 750 to 1000 words, or full-paper proposals of up to 7500 words. The submission deadline is May 4th, 2014. Abstract must be sent, together with the application form, the CV, and a letter from a supervisor, to Alfonso Sánchez: 17thsummerschooleshet@gmail.com

Applications not including the required documents –abstract or full paper in English, application form, CV, and a letter of recommendation– will not be taken into consideration.

Participants are expected to make their own travel arrangements and pay their travel costs. **The registration fee is 120 €.** Registration fees include hotel accommodation (8 nights, check-in August 31th, check-out September 8th), materials, daily breakfast and lunch and participation to the leisure program.
